Fun Facts about Tigers

Tigers are the biggest of ALL of the cat family, they can grow to over 3 metres long!

A group of tigers is called an 'ambush' or a 'streak'.

Tigers are excellent swimmers, and can swim up to 6km at a time! That's the same as me or you swimming 120 lengths of the swimming pool!

They can jump over 6 metres in length!

Fun Facts about Tigers

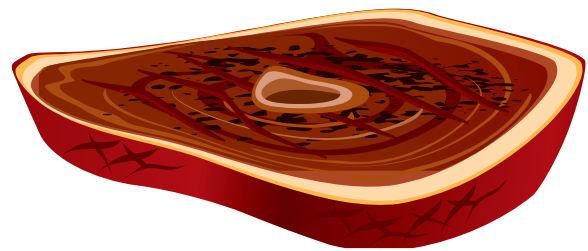

Tigers can purr and when they do it's 100 times louder than a pet cat!

PURR!

All tigers have yellow eyes, except for white tigers, who have blue eyes.

Tigers are carnivores which means they only eat meat.

When they roar, it is so loud you can hear it from 3km away!
